

Young Men's Choral Festival

Saturday, January 30, 2021

The 13th annual YMCF is going online this year, led by conductor, educator, and media personality Dr. Anthony Trecek-King.

"While the shift to online learning has been difficult and we of course would rather be in person, I have found it inspiring. If we see this not as a replacement for what was, but rather an opportunity to create a whole new experience, we will be open to what it has to offer. People are able to participate who could not before, so we hope to attract a broader range of diverse singers to this year's festival."

--Dr. Anthony Trecek-King
